Subject: San Jacinto Repairs Poster & Slide

Melody,

Here are the maps showing the San Jacinto cap repair areas. Please combine these into one poster & slide for showing recent repairs for the open house meeting scheduled for 5/25/16. Just show the repair areas from the Eastern Cell ... file, not the probing locations. Also please include the pictures as inserts if they fit, and as a separate poster & slide if they don't.

Thanks,

Gary Miller
